**LSI Wins Business Partnership Excellence Award From DCU
- 24/7 Call Center Recognized for the Third Time Since 2001-**

ELGIN, Ill., April 23, 2008 — Lending Solutions, Inc. (LSI) is proud to announce that it has received the 2007 Business Partnership Excellence Award from Digital Federal Credit Union (DCU). Each year DCU managers nominate businesses that enable DCU to provide the best possible service and value to its members. DCU's senior management team then decides which nominees are worthy of special recognition.

LSI has originated DCU consumer loan applications over the phone since 1998 and, in 2001, began processing web loan applications for the credit union. In 2007, DCU started using LSI's mortgage lending services and the result has been a thriving mortgage business despite a tough real estate market.

DCU began offering the Business Partnership Excellence Award in 2001 to recognize the partnerships that assist DCU and its 300,000 members. The award distinguishes LSI as one of DCU's most valuable partners in its pursuit of quality member service.

"It is an honor to be selected as one of DCU's leading business partners," said Lee Kolquist, CEO of Lending Solutions, Inc. "At LSI, we strive to provide innovative solutions that assist our credit union clients in increasing revenue while providing exceptional member service."

About Lending Solutions, Inc.
