**Eight Credit Unions Select Lending Solutions'
Collections Outsourcing Service**

- Service reduces delinquency rates, improves bottom line -

ELGIN, Ill., October 9, 2008 – Lending Solutions Inc. (LSI), a provider of contact center services and consulting programs for financial institutions across North America, announced that eight credit unions have signed on for their collections outsourcing services in the last quarter. The group includes: Delta Community Credit Union, Mid Oregon Federal Credit Union, NARFE Premier Federal Credit Union, and Utah First Federal Credit Union.

LSI's Collections Outsourcing Service provides a proactive program to significantly improve the collections operations and overall bottom line of participating financial institutions without the added investment in staff, time, training and resources. LSI's objective is to reduce the administrative burden of servicing collections accounts, improving delinquency rates and rehabilitating the borrower's delinquency patterns. Credit unions can choose to outsource all or just a portion of their delinquencies to LSI.

"Many of our clients use LSI strictly to reduce delinquency rates," says John Dowling, client development manager at LSI. "However, more and more clients are coming to us because of staffing issues and other problems. By using our services, credit unions can reduce their delinquencies and alleviate concerns related to staffing."

About Lending Solutions, Inc.
