**Three Credit Unions Select Lending Solutions'  
Member Service Program**

*- Services include complete, 24/7 member service -*

**ELGIN, Ill., March 25, 2008** – Lending Solutions Inc. (LSI), a provider of contact center services and consulting programs for financial institutions across North America, announced that Carolina Collegiate Credit Union (Columbia, SC), Carolinas Telco Credit Union (Charlotte, NC), and USC Credit Union (Los Angeles, CA) have chosen LSI as their 24/7 member service partner. LSI's 24/7 Member Service solution combines advanced technology with highly trained member service specialists to process virtually every member service function on behalf of the credit union.

Lending Solutions, Inc. launched its Member Service solution in September of 2006 as an ancillary service to its National Loan Processing Center. Credit unions can choose to outsource all or just a portion (i.e. after-hours, weekends, overflow) of their member service support to LSI.

“Our company is organized to merge well-trained staff with comprehensive technology that shoulders the responsibility for providing financial and member support services,” says Lee Kolquist, president of Lending Solutions. “By using our Member Service solution, credit unions can cost-effectively enhance the quality of member services and position themselves to compete more efficiently in the marketplace.”
